(iv) Document Delivery Service

The J-Gate@UGC Infonet provides article-level access for all the databases subscribed by the UGC-INFONET Digital Library consortium, about 17,009 Open access electronic journals, and print journals subscribed by 30 university libraries designated as Inter-Library Loan (ILL) Centers of the INFLIBNET Centre. The interface provides hyper link to articles that are available electronically and accessible in a given university so that a user can access and download articles. For articles from journals that are not available electronically or are not accessible in a given university, the interface facilitates semi-automatic generation of ILL request directly from user(s) to the INFLIBNENT Centre or to one of the ILL Centre as the case may be. DULS is one of the 30 designated ILL Centers for the services. We receive following advantage of J-Gate@UGC Infonet.

1. Provides single window searching of all the electronic databases available through UGC-Infonet Digital Library Consortium.

2. As an e-journal portal, J-Gate presently hosts content from 36,987 e-journals. Access to 4,833 e-only-journals

3. J-Gate provides access to 4,833 online-only journals, which are not available in print.

4. Captures and indexes articles from more than 17,009 open-access e-journals and maintains links to them.

5. Provides links to over 5,320,569 open-access articles.

6. Presently links to e-journals from 11,428 publishers.

7. Article level searching for 896 print journals of DULS.

8. Availability of photocopies of print journal articles not available in DULS through Document delivery service.

9. Utilize the Document delivery service by requesting other designated universities to provide copy of the print journal articles.

As a designated ILL Centre of JCCC, DULS is also supposed to shoulder many responsibilities. In lieu of electronic databases available through UGC Infonet Digital Library Consortium, DULS shoulders the responsibility of supplying photocopies of the articles requested through JCCC to the scholars through out India. DULS being a large organization, having large collection of print and electronic information content mostly serves the information requirements of its users. Hence, there are very less requests for photocopies of the articles from DULS users to other universities. However, as a ILL Centre, DULS regularly supplying the photocopies of articles. Compared to only 77 requests from our scholars we have received 398 requests from scholars of other institutions.

(v) Knimbus

DULS with technical collaboration with Global Information Systems Technologies Pvt. Ltd. had come out with an Open Source Federated Search solution called GISTFIND. It has been replaced by more improvised Open Source Federated Search solution called Knimbus. It is available at http://crl.du.ac.in/Knimbus.htm.

Knimbus is a collaborative research platform that enables researchers to find and share knowledge globally. It combines the best Search, Social features and Library tools to enable higher research productivity and valuable insights. It allows Researchers to:

Discover: Valuable and relevant information from subscribed library resources and open/web content.

Personalize: How they interact with an organized discovered content.

Collaborate: With other researchers to build collective intelligence and insight.

It requires free registration to use this service. Presently there are 1,368 registered users from DU. In last one year there have been 3,244 logins, 12,768 searches and 9,781 articles down loads through Knimbus.

(vi) Searchable A-Z List of E-Journals

The work of compiling A-Z list of 43,209 e-journals has been completed and a 'Beta version of searchable list on the SQL' platform has been made available on DULS Website. It can be accessed at http://crl.du.ac.in/atozn. It is being updated on regular basis.

3.   HUMAN RESOURCES

The training facility created in the Central Library for imparting training on 'Use of Computers in Libraries' has been conducting the training programme for the benefit of Library Staff of the University and College Libraries with the help of the resource Persons from DU Computer Centre.

Summer Internship
